The National Franchise Exhibition

4 & 5 October 2013 | NEC, Birmingham

▶▶▶ *Be your own boss with the support of an established brand*

If you're dreaming of running your own Business, a visit to The National Franchise Exhibition is the ideal event for discovering all about franchising and what it can offer.

At the UK's largest franchise exhibition, you can meet with over 140 exhibitors and access a huge range of free seminars, expert advice and one-to-one consultations giving a comprehensive insight into the variety of opportunities available, and how to make them a success.

Meet fully accredited franchised businesses from the world's biggest brands to smaller recession-resilient enterprises. Choose from a variety of sectors including restaurants, property management, fitness, beauty, accountancy, care, explorative travel and children's activities.

“ In spite of the economic downturn, the franchise industry has repeatedly shown its resilience and stability by outperforming many other sectors. ”

Well-established as a statistically safer pathway to owning your own business, franchising looks set to continue its long-term growth trends. ”

Brian Smart, Director General of the bfa

All franchises at the exhibition are approved by the British Franchise Association (bfa), so you can be safe in the knowledge that your chosen franchise meets the bfa's code of ethics.
